RESOURCES ASSOCIATION**

\$800

S.A.S.S. Scholarships

*Scholarships to be awarded to two students
interested in Water Resources*

The Nevada Water Resources Association, an organization of water professionals throughout the state and the West, is providing two \$400 S.A.S.S. scholarships to assist serious students with degree completion.

The scholarships will be awarded to students attending a Nevada university or community college. Qualified students must be pursuing a degree in the field of water resources. Preference is given to students who have not yet received extensive monetary assistance, yet demonstrate scholastic aptitudes and serious long-term interest in the water resources industry. Please note: NWRA will not award the scholarships if none of the applicants meet the minimum requirements.

The 2024 fall application form must be received by September 27, 2024. Applications received after that date will not be considered. Students must submit the application form and a short (no more than one page) Curriculum Vitae or resume that emphasizes activities not included in the application form. A one paragraph description of their thesis topic, field of hydrologic interest or career goals in hydrology is required of all candidates. Applications must be received in electronic format or postal mail by September 27, 2024. Incomplete applications will be excluded.

Upon receipt of scholarship funds, the recipient will read and provide their signature of an understanding that the awarded funds are to be used for educational purposes only. Educational purposes include payment for courses attended and books used for such courses.

Recipients will be announced October 14, 2024.

Contact Tina Triplett at 775-473-5473 if you have questions regarding the scholarship application procedure.
