

Kevin McGillicuddy

Kevin McGillicuddy is the Chief Hydrogeologist for the Roscoe Moss Company and has 30 years of experience working as a ground water professional. He joined the Roscoe Moss Company in 1996 and has worked as a technical liaison to both private and municipal water agencies, and has worked extensively with consultants involved with the design and construction of deep, large diameter production wells. Prior to joining Roscoe Moss Company, he worked as Director of Recharge Operations and as a Senior Hydrogeologist for the Orange County Water District (OCWD) in Fountain Valley, CA. His responsibilities at OCWD included management of several ground water production, injection, and monitoring well construction and rehabilitation programs.

Mr. McGillicuddy is a member of the American Water Works Association A100, Water Well Standards Committee and the National Ground Water Association Well Standards Committee.

He holds a Bachelor of Science Degree in Geology from Boston College and Masters' of Science Degree in Geology from the University of Southern California. He is a Registered Geologist in the State of California.
