The 2012 Lake Mead Symposium provides the opportunity for attendees to share information, exchange ideas, and synthesize efforts on the ecological health of lakes Mead and Mohave. It is a state-of-the-science event intended to enhance strategies and programs for overall ecological monitoring for the lakes. This event builds upon a unique partnership among federal, state, university and public organizations. The Lake Mead 2012 Symposium is expected to attract 200 to 300-plus attendees. In an effort to enhance our understanding of these valuable bodies of water, we are seeking sponsors who would like to support research, education, and stewardship for our shared public lands. Sponsorship is a great way to provide exposure for your business or company. For an additional fee, you can also purchase the Extended Sponsorship at Silver, Gold, Platinum or Diamond levels and promote your message March 6–8 during the 2012 NWRA Annual Conference immediately following the Lake Mead Symposium.

Please complete this form and send it with your payment to:
NWRA (c/o Tina Triplett) • P.O. Box 8064 • Reno, NV 89507
