

Tim Wilson, P.E.

Tim Wilson has a Bachelor of Science Degree in Chemical Engineering and a Master of Science Degree in Civil Engineering from the University of Nevada, Reno. In 1995, Tim began his career with the Nevada Division of Water Resources as a hydraulic engineer where he assisted the public in matters of water rights, wells, and other water related issues. His career at the Division was diverse working in nearly every aspect of Nevada water law and culminated in serving as the Nevada State Engineer at the end of his career in 2020. The Nevada Division of Water Resources is responsible for quantifying existing water rights, monitoring water use, distributing water in accordance with court decrees, reviewing water availability for new subdivisions, reviewing the construction and operation of dams, licensing and regulating well drillers and water rights surveyors, reviewing flood control projects, and collecting and monitoring water resource data. After his retirement in 2020, Tim has continued to be active in water rights as principal of Water Rights Nevada, LLC. He was born and raised in Carson City, Nevada, and has a long family history in the Mason Valley area of Nevada.
